### Questions Answered in *The War on Intimacy*!

“To be informed is to be empowered. In *The War on Intimacy*, Richard A. Panzer and Mary Anne Mosack inform and empower readers to fight the sex “education” industry. In chapter after amply documented chapter, they calmly but devastatingly expose the propaganda of Planned Parenthood, the ACLU, SIECUS, and their ilk for what it is – propaganda. As Panzer and Mosack show, this propaganda is anything but harmless. Its consequences are measured in wounded relationships, broken hearts, and, often, ruined lives.”

“In the second half of the 20th century, a toxic combination of bad science (Alfred Kinsey), hedonistic philosophy (Hugh Hefner), the wrong kind of sex education, and a hyper-sexualized popular culture conspired to undermine sexual restraint, with devastating consequences. *The War on Intimacy* is the best resource I know for helping us understand where we went wrong and why we need character-based, whole-person sexuality education in our schools. You’ll find yourself getting extra copies to give to your child’s health education teacher and the School Board.”
